OIT 7059-86
18 APR 1986

MEMORANDUM FOR: Director of Training and Education

FROM: William F. Donnelly
Director of Information Technology

SUBJECT: Letter of Appreciation

I wish to express my appreciation for the consideration shown by the members of your training staff, and in particular in accepting Chief of Artificial Intelligence Systems Branch, Office of Information Technology (OIT), as a participant in the Counterintelligence Seminar offered 10-11 March 1986.

The seminar provided an excellent forum to quickly sensitize to operational counterintelligence concerns. It contributed significantly to our ability to provide better support to operations, ensuring that operational counterintelligence perspectives on Restricted Handling projects in support of the Clandestine Service were shared and pursued by systems analysts under supervision.

I also appreciated the opportunity which the seminar afforded to brief participants on counterintelligence concerns within the OIT, and on steps which have been taken to strengthen our computer security program.

/s/
William F. Donnelly
